

Beech Grove Senior Citizens-March 2016 Board of Works Report

In March we transported 136
[Transportation Log attached](#)

We kicked off the month of March with a trip to Indiana Live Casino with the hopes of hitting it big and heading to a beach resort some place warm. No one had any big winnings so we decided to come back to good old Beech Grove.

We had a very busy month with trips; one of them was to our favorite Greek restaurants Santorini, Where the food is great and always too much to finish.

We got together for a great Saint Patrick's day meal at the center on the 17th with Smoked sausage, potatoes and cabbage. Good food and fellowship.

We tried something new this month and went to THE ESCAPE ROOM INDY. I personally believe this was one of our best trips yet. It not only was a great way to stimulate their minds (which is good for Seniors) but also a great way to stimulate their heart and souls. They say laughter is good for you and will help you live longer, if that's true this group just got a big healthy dose of it. Some of our quietest seniors laughed the loudest. It was a great day for all who went.

We also had our regular weekly programs such as Wii bowling, Line dancing, Square dancing, Yoga, Monday meetings followed by entertainment and card games.

Respectfully submitted:
Stephanie Bramlett
Director of Senior Citizens
