Board of Works: Ed Bell and Sandra Seward

Ref: New Hire Process

Dear, Mayor and Board I am requesting to hire two additional officers. This hiring would bring the officer level to 34 officers, the officers were budgeted for 2017 but there will be enough money in the budget to hire them prior to 2017. I would like to hire these two from the process that we are doing now and to put them into the police academy in November of 2016. They would not be hired until one week before the academy or the time necessary to complete the needed requirements to attend.
