

Greenscape Commission Meeting Minutes  
Monday, July 21, 2014  
Hornet Park Community Center

Tim Latimer called the meeting to order at 5:00pm.

Members present: Beth Berg, Sister Sheila Fitzpatrick, Tim Latimer, Dave Miller and Brenda Wilson.

Beth Berg and Tim Latimer shared their notes and observations from inspecting the trees remaining on the Hazard Tree List. Notations will be added for each tree indicating either no change in condition (NC), needs trimmed (NT), or needs to be removed. Trees that have already been removed will be deleted from the list and some additional trees in need of attention will be added to the list. Beth will combine all the information into one list which Tim will then send to Brad Meriwether.

The commission was asked for recommendations regarding deteriorating conditions in McFarland Park behind Park South. Tim inspected the area and spoke with Mayor Buckley who advised the city would be addressing the issues.

Sister Sheila gave a progress update on the Peace and Nature Garden.

Saturday, October 18 is confirmed for this year's Arbor Day tree planting. Time for the tree planting will be determined later.

The meeting adjourned at 6:00pm

Respectfully submitted,

Beth Berg  
Secretary, Beech Grove Greenscape Commission
