We are pleased to announce that Beech Grove has been awarded a DNR: Community and Urban Forestry Grant. The grant is for \$1,230 and is a matching grant. The funds will be used for an educational mailer promoting tree selection and/or care.

We now intend to pursue the OCRA QuIP Grant. This grant is geared towards “space enhancement and community transformation.” Our idea would be to use this grant on artwork/hardscapes as a part of the pollinator garden project in Sarah Bolton Park. The grant is due March 8th.

Meeting adjourned at 7:25 pm

Next meeting: Wednesday, February 20th at 6:00 at the Hornet Park Community Center

Respectfully submitted,

Matt Nelis, Secretary
