Re: Recommendation to fill part-time employment at DPW

Dear Board,

It is my recommendation to the Board of Works that the City hire a part-time worker at the Department of Public Works. This hire would be to fill the position vacated by Steve Cole.

The parameters of the position will be that it will make no more than \$14.00 per hour and work no more than 29 hours a week. There is money in the MVH budget to fund this position.

Respectfully,

Brad Meriwether
Director of Public Works
