2. The Main St. project officially opened with a ceremony on November 14th at 1:00 pm. The Mayor acknowledged everyone involved in the project and was very grateful for the finished product. Additional information specific to the Main Street project can be found on the City's website at www.beechgrove.com.
3. Leaf pickup will continue until December 20th this year. Leaf crews will run every day until then (weather permitting). DPW continues to encourage residents to bag their leaves if possible, and put the bags next to their City Tote for trash pick-up. This greatly reduces the damage done to catch basins and the storm sewers when yard waste and leaves are raked into the street. More information regarding leaf pickup can be found at the City's website on the Department of Public Works page.
4. QPR patching asphalt and gravel are currently being used by the Street Department to fill pot holes in streets and alleys. Please call 803-9098 to report any problems.
