

*Annual Report  
Beech Grove Senior Citizens Center*

*2012 was a very productive year for us at the center . With so many of the physicians moving south we have seen a big increase in the need for transportation to their offices.*

*We are continually getting new members as well as associate members who thru word of mouth have heard great things about the center and the services we provide.*

*We are always looking for new activities and adventures for our members. Our Big trip for the year was to Branson Missouri where 44 seniors spent 5 days & 4 nights seeing many fantastic shows, dining out, shopping and just having a blast spending time together.*

*Thanks to many local sponsors we are able to offer so many things at either low or no cost to our seniors.*

*I feel that we offer such a great service to our members not only by providing them with transportation but also keeping them informed about many subjects that pertain to their health and well being. Our service as well as referrals to other local services, help numerous senior citizens remain in their homes and independent. Something we all strive for.*

*Another of our goals is to provide entertainment, activities and companionship to those who might otherwise be alone. I must add, it is a very rewarding service and I feel privileged to be able to serve as the Director of this program.*

*We made some cosmetic changes to the center in 2012 as well, with fresh paint inside and outside, new carpet and much needed flooring in the kitchen.*

*Overall we had a great year and are looking forward to new things in 2013.*

*Respectfully submitted;  
Carla Marchbanks  
Director of Senior Citizens*
