## 2013 LEAF PICK UP INFORMATION

The Beech Grove Department of Public Works is encouraging residents to mulch, bag or place leaves in trash totes for pick up by the City. There will not be a maximum bag limit that the city will pick up.

Should you desire to have your leaves vacuumed by the Department of Public Works, there is good news for you! Due to the reinvestment of new vehicles and updated equipment in our Department of Public Works, we can resume leaf collections as in years past. Crews will be in neighborhoods beginning October 15th to remove leaves placed at the curbs. The Public Works Department asks that you refrain from raking leaves onto the street. The Public Works Department is also asking residents that live near a where a storm drain is located to adopt that storm water drain by keeping it clear of debris and leaves. This will help reduce the risk of local flooding.

The official leaf pickup program begins October 15th and will continue through December 15th. Every Monday, there will be two leaf vacuum trucks in service, and Tuesday through Friday, one leaf vacuum truck will be in service. Please note that leaves will not be picked up on Saturday, Sunday or any designated city holiday.

Please contact us at 317 803-9091 if you have any questions, or you may utilize our web site at [www.beechgrove.com](http://www.beechgrove.com).

Respectfully Submitted,

A handwritten signature in black ink that reads "Dennis B. Buckley". The signature is written in a cursive, flowing style.

Dennis B. Buckley  
Mayor  
City of Beech Grove
