From the Desk of the Mayor,

Earlier today, I received notification via phone from a representative from the Heritage Group. He explained that Milestone will not be locating their new company headquarters in Beech Grove. I suspected this would happen, but remained quiet until I received confirmation from them. The City of Beech Grove remains committed to developing the old CSX property and we are continuing to work with the Heritage Group on other options for this property. Our engineering company (Wessler and Associates) continues to work with the Heritage Group to apply for a Title 5 Permit with IDEM to continue to clean the property and to remove trees. The tax abatement for the property has been withdrawn as Milestone has notified the State of Indiana. The Heritage Group will now pay taxes on the 115 acre site.

In our conversation this morning, I informed their representative that I would recommend that we do not proceed with the extension of the sanitary sewer system at this time. We will be working with the Heritage Group on the development of a new entrance off of Big 4 Road to access the property. Should something else come up, I will pass it on provided that I have permission from the Heritage Group.

Stay Safe,

Dennis B. Buckley
Mayor
City of Beech Grove
