Beech Grove Redevelopment Commission

Dear Ladies and Gentlemen:

The Beech Grove Parks Department is pleased to report, that upon the submission of invoices this evening, the list of projects funded by the R.D.C. has been completed: Security cameras were installed in Hartman Park, Don Challis Park and in both picnic areas of Sarah T. Bolton Park. Also in Sarah T. Bolton Park, the tennis courts were removed, a piece of play equipment called the "Friendly Turtle" was installed, and a water line was extended. This water line will aid in the cleaning of the restroom building and the shelters. In the Hilltop Shelter area, a 40 year old restroom building was removed and replaced with our second CTX restroom building. This new building includes flushing toilets, sinks, and lights. Finally, at the Hornet Park Community Center, the banquet room and main office had new carpet installed and the dance floor in the banquet room has been refinished.

These projects represent an investment in our park system that will benefit the Community of Beech Grove for years to come.

Thank you for your foresight and generosity.

Sincerely,

Thomas E. Hannan, Park Director

Angel McKenna, Hornet Park Community Center Facility Manager
