

November 17, 2022

Dear City of Beach Grove Sanitation,

Covanta Sustainable Solutions appreciates the opportunity to provide your disposal needs. Our core commitment is to provide you with environmentally safe, flexible, and cost-effective disposal options.

Effective January 1, 2023, your disposal rate per ton for Deal Number: 532998 at the Covanta Indianapolis Facility will be increased from \$39.61 to \$41.59. This increase will match the local inflationary cost increases our facilities are facing including transportation costs, labor costs and facility operation costs. The increase will be represented on your first billing statement posted after January 1, 2023.

We truly appreciate your business and reaffirm our commitment to providing safe, reliable disposal services each and every day. Please contact your Market Area Manager with any questions regarding this change.

Sincerely,

Daniel J. Caraccio
Vice President and General Manager
Covanta Sustainable Solutions, LLC
