Description of Problem 2FEB2012. about 5:30 pm. While walking my dog outside 1430 Park Meadow Drive, a dog exited the property and bit my dog. My dog was on the sidewalk. I picked up my dog and the other dog was still hanging off my dog. The man in a brown coat came running from the garage and took his 2 dog by the collars. The man said it was not his dog but his daughter's dog. He said it was known to be aggressive. It was not his boxer but mixed colored dog, maybe brown and black? A little smaller than the boxer. Possibly pit mix? Upon detailed inspection at home, I found the vicious dog had broken skin on my dog. I have photos of the wound between the eye and the ear of my dog.
