

Beech Grove Greenscape Commission Meeting Minutes
August 20, 2018
Hornet Park Community Center

Meeting came to order at 6:01 pm

Members present: Sister Sheila Fitzpatrick, Matt Nelis, Angel McKenna, and Deb Foster

Members absent: Amanda Rubadue

Discussion took place regarding the KIB IPL Project Greenspace Grant. While it is too late to submit an entry for 2018, each member looked through and filled out the application to see if the pollinator garden project would fit what the grant is looking for. It was a useful exercise for future planning.

We also discussed the DNR: Community and Urban Forestry Grant. The application deadline for this grant is September 29th. We talked about using the grant for an inventory of the street trees. This would allow us to come up with a list of any trees with issues that needed to be attended to. It is also possible that the funds could be used for the Going Green in the Grove event.

Meeting adjourned at 7:11 pm

Next meeting: Monday, September 17, 6:00 pm at the Hornet Park Community Center.

Respectfully submitted,

Matt Nelis, Secretary
