DEPARTMENT OF COMPLIANCE

802 Main Street
317-803-9099

Beech Grove, Indiana 46107

March 2016 Compliance Report:

March was again a rather slow month for violations, however during the month multiple vacant homes were checked for security. Those homes that were identified as being unsecure had the responsible parties contacted and they are now again secure.

The Easter Sunday storm which caused a large amount of hail damage has resulted in numerous complaints of unlicensed solicitors. Several solicitors were stopped and very few have been seen since. A large number of contractors placed signs in the city right away and several dozen were removed. In addition several contractors were found to be offering services without being licensed, insured or bonded in Beech Grove. Many of these companies were reached and they are coming into compliance before starting work.

As a reminder the statistics for March will appear on the April report.

February 2016 Violations:

7 Properties were cited for violations

7 1st reinspections were completed, 6 properties came into compliance (85% compliance rate on 1st reinspection)

1 2nd reinspection was completed, that property came into compliance (100% compliance rate on 2nd reinspection)

1 Court summons was issued to a contractor for failure to obtain permits

3 homes reported to the Marion County Health Department

Year to Date:

8 Properties cited for violations

8 1st Reinspections completed (75% Compliance rate)

2 2nd Reinspections completed (50% Compliance rate)

2 Court summons issued

4 Properties reported to the Marion County Health Department
