

Beech Grove Senior Citizens- May 2016 Board of Works Report

In May we transported 134

Transportation Log attached

May was an exciting month. We had our Block Party- Senior Day. We held it at Sara T. Bolton again this year. We invite our Sponsors to this event, they set up tables with their information booklets and they provide one game and one food or drink item. It's completely free to our members and family. It's a terrific way to help our members and their families collect information that they may need now and or in the future. It's also a fun way to get out of the house after a long Holiday weekend. We also had the support of the BGF, BGD, BGS and last but not least BGP with all 4 Departments pitching in and helping where we needed it, we were able to have a worry free event. We at the Senior Center are so very thankful.

We had a few trips in May, one being the Indianapolis Zoo. We loaded up our bus and hit the road in search of all the new baby zoo animals that have been born. Beech Grove Meadows was kind as always and sponsored our lunch for the day at the Zoo.

On the 23rd of May we welcomed our new Coordinator. We're working hard to train and break her in at the Center. She'll get use to wearing many different hats and settle in before long.

Respectfully submitted:
Stephanie Bramlett
Director of Senior Citizens
