

# RDC

## September 19, 2013

The September meeting of the Beech Grove RDC was held at City Hall. RDC members present included President Joe Griffin, Vice President Ron Mote, Secretary Cathy Chappell, and members Donald Webb, Janice King and Tammy Story.

Also in attendance was Mary Hada representing NRP and the donated property known as the Rock Pile. As with the previous meeting, President Joe Griffin explained to the RDC members that Heather James was still missing all the documentation to prove the property was donated after following the proper guidelines. Mary Hada expressed that she had sent all the paperwork to Heather and if any paperwork was still missing, it was the responsibility of the RDC and not NRP.

President Joe Griffin received several emails from Craig Wiley regarding documentation related to the Rock Pile. Craig explained that he was asked to look over the contract drawn up for the donated property, but he was only making sure of the legality of the contract. Whether the RDC guidelines had been followed correctly or not was not what he was hired to check.

Mary Hada introduced John Duell to the RDC. He owns property that adjoins the Rock Pile. Should the RDC honor the signed donation to NRP, it is the intention of NRP to purchase the 2 plus acres from Mr. Duell to create a retention pond.

Donald Webb made a motion that we have a special meeting to decide once and for all whether to honor the land donation or cancel the agreement. That motion was seconded by Janice King.

Meeting adjourned.
