Re: Safe Routes to School Grant

Council,

Recently the Metropolitan Planning Organization (MPO) awarded the City of Beech Grove 3 grants concerning the "Safe Routes to School" grant program. These grants will allow the city to install sidewalks near schools so students don't have to walk in traffic.

Included with this letter is a spread sheet with the listed amounts of the award and the school receiving the sidewalks. In the 2014 MVH and LRS budgets, it will reflect the amounts needed for our match.

Our DPW Director should be commended for all of the work he put into this grant under a quick deadline.

Congrats to all !

Summer 2013 Transportation Alternatives Program Applications Selected for 2014 FFY Funding
