*From the desk of the Mayor . . . . .*

Earlier this week, Meade Electric began replacing street light fixtures with new LED fixtures. This improvement will make our city safer, illuminate streets and alleys better and save a significant amount of money and energy. It is estimated that this project will take about 2 months to complete.

The cost of this investment is approximately \$ 300,000.00 which will be paid in 3 installments. AES Indiana estimates that we will save approximately \$ 40,000.00 to \$ 50,000.00 per year in energy saving.

I would like to thank the Common Council for approving this investment and I would like to thank the Redevelopment Commission for assisting to pay for this improvement.

Respectfully Submitted,

Dennis B. Buckley

Mayor

City of Beech Grove
