Street Department Report

September 4, 2012

1. August Work Order Information

- 13 – Pothole Requests
- 1 – Gravel Alley Requests
- 9 – New Totes Delivered
- 7 – Broken Tote Lids Replaced
- 2 – Sign Replacements or Repairs
- 44 – Miscellaneous Work Orders

2. On August 25th there was a Celebration in Sarah T. Bolton Park to make up for the cancelled 4th of July fireworks show. Thank you to the DPW employees who were on call during the event providing barricades and to those who came in Sunday morning to dump the trash totes.
3. There have been many improvements to the DPW property during the month of August thanks to the 2012 Bond Investment. Calumet paved the DPW parking lot with asphalt, and resurfaced the shop area with roller compacted concrete. We are very grateful for the investments that are being made into Public Works once again.
4. During the month of August we added additional lighting to our salt barn to provide increased visibility during the winter months. A majority of the plowing and salting usually takes place during the late night or early morning hours when visibility can become a safety factor. These upgrades to our lighting system will go a long way in assisting DPW workers as they work to maintain safe traveling conditions for residents.
5. Street Sweeping will continue throughout the month of September. The last scheduled date is September 27th. Any sweeping that takes place beyond this date will be on an as needed basis due to the fact that we cannot run water through the machine in colder temperatures.
